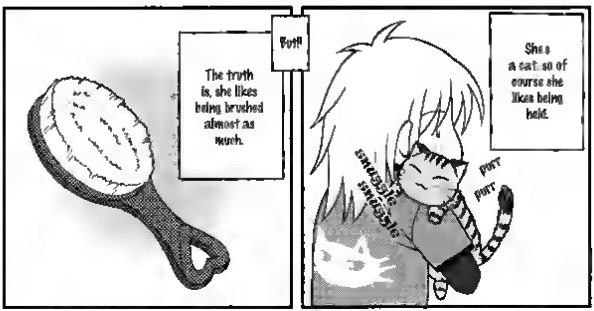
The princess of my household is Yuumi-chan (nickname. ponkichi). 11 years old female.



The truth is, she likes being brushed almost as much.
But!!
She's a cat, so of course she likes being held.

Just like people, all cats are different too, but Yuumi-chan's situation is a bit strange. ★

Please read the next episode in the bonus magazine too (this story is from an issue of Nekomata)

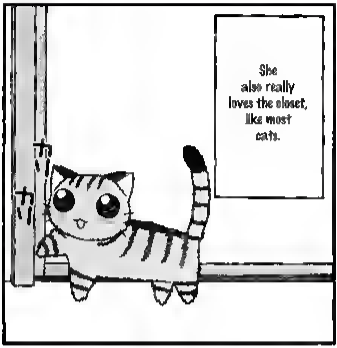
AAH! IT'S OPEN AGAIN!!
It doesn't matter if I leave it open or closed she'll find a way in. I often find the door just slightly ajar
A CRACK



Obviously in there
I've got to clean it again

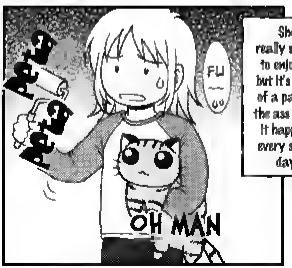
But going in on her own all the time has left me with a bit of a hair problem.



She really seems to enjoy it but it's a bit of a pain in the ass when it happens every single day
